

BACKGROUND – SUSAN EYMANN, EXECUTIVE DIRECTOR

The Lethbridge Sport Council would like to introduce you to their newly hired Executive Director.

Susan Eymann's career in sport includes being a freelance Figure Skating Coach in Nova Scotia, Ontario and British Columbia; increasing sport and recreation opportunities as a school teacher in British Columbia; and training to be Alberta's Women's Rifle Coach while remaining an active competitor herself. She attended Nationals this summer, where both her and her husband competed. She is the 2009 Sporting Rifle Grand Aggregate – Sharpshooter National Champion.

Susan can't remember a time when sport has not been part of her life. She began figure skating at age six, began coaching at age thirteen, and has been involved in sport throughout the years as an athlete, coach, innovator, and manager. Her involvement has been at both recreational and competitive levels in multiple sport disciplines including figure skating, track and field, basketball, soccer, jump rope, Special Olympics – figure skating, archery, and most recently small-bore rifle shooting.

Susan's professional life brought her to Lethbridge to enroll in the Masters of Education – Counselling Psychology program at the University of Lethbridge in 2002, after which she joined Family Centre as a Family Counsellor and most recently as Clinical Supervisor overseeing the counselling department.

Susan is very excited to be part of the Lethbridge Sport Council. She believes in the many benefits that sport has to children, families, and the community, and to have a Sport Council to help community sport organizations enhance and develop sport in our community is a mission she believes in deeply.
