

Lethbridge Sport Council 2020 Annual General Meeting

Board of Director Election Bios

Mike Medhurst When the first session of camp ended and a young boy walked towards me with the biggest smile, I knew what organized sport could do for my child. My name is Mike Medhurst and I've lived in Lethbridge since 2003. My two children's experiences in various sports got me to become involved with different local sports. I'm interested in being a part of the Lethbridge Sport Council to continue to advocate for kids to play any & as many sports as possible. Quality participation in organized sport will not only positively impact the athlete, it will ensure we have volunteers for the future.

Chad Chief Moon Oki, my name is Chad Chief Moon and I am a member of the Kainai First Nation. I am very interested in the Lethbridge Sport Council board of directors because in the short time I have worked with LSC they have supported my ideas & the youth. My passion & purpose is the youth in my communities (Kainai & Lethbridge). I have so many ideas I would like to share & being on board would help me succeed with them. I would also like to learn more & get experience working along with a great group such as LSC. Through sport & participation I believe we can raise a child in our communities to live a healthy lifestyle.

Chantelle Erickson I am a BIPOC local personal trainer and group fitness instructor for Kinetic Indoor Cycle & Fitness. I am a mother of two young children who are active in community sport and activities, a freelance writer for Canadian Running Magazine and currently in the infant stages of birthing a local non-profit whose mission is to bring physical literacy and mental wellness to diverse groups of young females through the sports of running and mountain biking.

I find that most people do not know WHAT is available in this city and I would like to contribute to the Lethbridge Sport Council by offering a multifaceted perspective of the voices I am collecting. I would like to use my networking abilities to spread the resources of the Lethbridge Sport Council to more niche groups of people. I want to bring ideas and vision to expand sport for mental health purposes with a specific passion for women, mothers, young female athletes, visible minorities and new-

comers to the city of Lethbridge and I want to contribute to the diversity of the Lethbridge Sport Council.

He graduated from Minot State University with a Bachelor's in Corporate Fitness.
